Course Presentation

A screenshot of a document titled "Courseware Complete v.0 for Cisco CCNA v.0.0 (Page 646)". The document is a PDF, as indicated by the "PDF" icon. It contains a list of items, likely a table of contents or a list of resources, with some items marked with a checkmark. The document is from BUSUI Courseware.

Lab 6- RIP Operation

(Works on Lab 5)

Objectives

Configure a network to use RIP

Scenario

Configure a network to use RIP

Configuration

```
Router1>enable
Router1>config
Router1(config)#ip address 192.168.1.1 255.255.255.0
Router1(config)#no shutdown
Router1(config)#exit
Router1>show ip interface brief
Router1>show ip route
Router1>show ip protocols
Router1>show ip rip database
Router1>show ip rip summary
Router1>show ip rip neighbors
Router1>show ip rip version
Router1>show ip rip topology
Router1>show ip rip statistics
Router1>show ip rip debug
Router1>show ip rip events
Router1>show ip rip errors
Router1>show ip rip logs
Router1>show ip rip config
Router1>show ip rip status
Router1>show ip rip help
```

Interesting Facts

- RIP is a distance vector protocol.
- RIP uses hop count as its metric.
- RIP has a maximum hop count of 15.
- RIP is a classful protocol.
- RIP is a single-path protocol.

Lab Results

Configure a network to use RIP

Configuration

```
Router1>enable
Router1>config
Router1(config)#ip address 192.168.1.1 255.255.255.0
Router1(config)#no shutdown
Router1(config)#exit
Router1>show ip interface brief
Router1>show ip route
Router1>show ip protocols
Router1>show ip rip database
Router1>show ip rip summary
Router1>show ip rip neighbors
Router1>show ip rip version
Router1>show ip rip topology
Router1>show ip rip statistics
Router1>show ip rip debug
Router1>show ip rip events
Router1>show ip rip errors
Router1>show ip rip logs
Router1>show ip rip config
Router1>show ip rip status
Router1>show ip rip help
```

CVS(1)                                General Commands Manual                                CVS(1)

NAME
    cvs - Concurrent Versions System

SYNOPSIS
    cvs [ cvs_options ]
        cvs_command [ command_options ] [ command_args ]

NOTE
    This manpage is a summary of some of the features of cvs but for more
    in-depth documentation, consult the Cederqvist manual (as described in
    the SEE ALSO section of this manpage).

DESCRIPTION
    CVS is a version control system, which allows you to keep old versions
    of files (usually source code), keep a log of who, when, and why
    changes occurred, etc., like RCS or SCCS. Unlike the simpler systems,
    CVS does not just operate on one file at a time or one directory at a
    time, but operates on hierarchical collections of directories
    consisting of version controlled files. CVS helps to manage releases
    and to control the concurrent editing of source files among multiple
    authors. CVS allows triggers to enable/log/control various operations

The summary is used in search results to help users find relevant articles. You can improve the accuracy of search results by including phrases that your customers use to describe this issue or topic. With many hands-on lab exercises provided, the reader is able to actually try out the skills they've just learned. There is sufficient content provided to serve as the primary textbook for a semester-long course in offensive security techniques in addition to being an excellent student guide for the Certified Ethical Hacker exam. In 2008 Free CCNA Workbook originally started as a sharable PDF but quickly evolved into the largest CCNA training lab website on the net! The website was founded in late 2009 with the goal of providing FREE Cisco CCNA labs that can be completed using the GNS3 platform. So, we provide each candidate 24*7 lab access, real devices for lab practices, restriction fewer timings, virtual racks for online training, an online workbook, and expert trainers. We find out student's weak points in one-to-one training sessions and work hard to make them a stronger side of a student which help them to boost the confidence level required to pass certification exams. This vendor-specific Certification is Offered By: UniNets. Phone: +91 8448440748 Email: info@uninets.com Skill Level: Associate Batch: Instructor-led Online You will get: Certified Trainers, 24*7 Virtual Lab, Workbook, Recorded Training Streaming Videos Low Cost Training: Call us for CCNA Training fees (Try Free Demo) CCNA certification exam fees in India (New 2020) In 2008 Free CCNA Workbook originally started as a sharable PDF but quickly evolved into the largest CCNA training lab website on the net! The website was founded in late 2009 with the goal of providing FREE Cisco CCNA labs that can be completed using the GNS3 platform. Cisco Certification Exam Disc, CCNA Lab Workbook Routing & Switching 200-301 and CCNA CRAM Study Sheet CertificationKits also offers additional study resources for your Cisco exams. We have worked in a collaboration of CCIEs and actual Cisco Netacad professors to ensure that we have the strongest match of knowledge meeting hands on experience with students. Our CCNA Lab Workbook has been recently updated for the new CCNA exam and was designed with the knowledge that most of our customers can't afford a large lab. We wrote our Lab Workbook to the specification of three routers and three switches.
