Page 2 With your edging yarn, make a slip knot and place it on your hook. Join the yarn to the work with a single crochet stitch in a corner at the right end of the top or bottom of the project. Side: work one sc in each st to the last st. Turn corner: sc in last st of edge, ch 2, turn the work 90 degrees, sc in same space as last sc. Kathryn Vercillo Work single crochet down next side, turn corner; work sc across next side, turn corner; work sc up final side, back to where you started. At the first corner, ch 2 and sl st to first sc to join. Check the gauge of your single crochet so that the number of stitches you make in your side edges is appropriate for its height in inches. Kathryn Vercillo Remember a V-stitch is created by working (dc, ch 1, dc) in the same space or stitch. Begin with ch 3, sk 1 sc. Side: *v-st in next sc, skip 2 sts; rep from * to the corner. Corner: (v-st, ch 2, v-st) in same ch-2 sp. Rep Side and Corner twice more, then Side once. Corner Join: work v-st in ch-2 sp, ch 2; create final v-st from ch 3 at beg of round: dc in base of the chain, ch1, join to top of ch 3 with sl st. Work second round of V-stitch in next step if desired, or go to Picot step. Kathryn Vercillo Sl st in center of first v-st. Begin with ch 4 (counts as 1 dc, ch 1), dc in same sp to complete v-st, Side: *v-st in ch-1 sp of next v-st; rep from * to the corner. Corner: work v-st in ch-2 corner sp. Rep Side and Corner twice more, then Side once. Corner V-St Join: use sl st to join to 3rd ch of first ch 4. If you wanted to do something a little bit different with this round, try crochet v-stitch shells instead of classic v-stitches. Kathryn Vercillo A round of picots finished the crochet border pattern. There will be one picot stitch worked into each V-stitch; corner stitches are worked the same as every other V-stitch. Work a sl st in ch-1 space in the center of next v-st, sc in center of same st, ch 3, sl st in 3rd ch from hook, sc in v-st—first picot complete. Picot rnd: *sl st in sp between v-sts, (sc, ch 3, sl st in 3rd ch from hook, sc) in ch-1 sp; rep from * around piece, sl st to join after last corner. Kathryn Vercillo Fasten off. Use a yarn or tapestry needle to weave in ends. Crocheted Squares and Granny Squares Amy Solovay / The Spruce My first crochet project was a granny square, and ever since then, granny squares have held a special place in my heart. I never tire of crocheting them, and I love coming up with interesting new granny square variations. Here are a few of my granny square patterns for you to try crocheting: Easy beginner's granny square pattern (pictured at lower left) 3d Flower Granny Square Simple Rows and Rounds Granny Square Criss-cross granny square pattern (pictured at lower right) Rainbow outlines granny square pattern Lightweight thread crochet granny square pattern V-stitch granny square The traditional crocheted granny square design is a vintage pattern that my great aunt taught me when I was a child. I did, however, take photos of each step in the process of crocheting the granny square, so hopefully, you'll be able to see exactly how it's done. I take great satisfaction in designing and crocheting squares. Each square is its own delightful microcosm of interesting stitches and colors; but when you start taking the individual squares and combining them with others, the process opens up a world of fascinating design possibilities. I have more fun with crocheted squares than I used to have when playing with building blocks as a child, although the creative process, in either case, is similar. You could take a pile of building blocks and build anything with them, and it's the same with crocheted squares; you could turn them into bedspreads, afghans, pillows, linens, clothing, wall hangings, tablecloths, or other projects.
